

# Lydia Doran

06.03.1992

## PROFILE

Over the years I have supported many children and families of different ages, and with a variety of needs and abilities. Through my experiences in different settings, I have been successfully able to build strong relationships with those around me, develop my own pedagogy whilst having the ability to work independently and under my own initiative, as well as part of a team. I am an incredibly organised individual, with high expectations, and a 'get stuck in' attitude. My previous experiences have given me a strong drive to succeed, passion in all that I do, all supported by my kind, caring and empathetic personality. I have discovered that I thrive in supporting others and really enjoy learning about each individual's experience- no matter what age!
